SOUTHEASTERN BRAIN TUMOR FOUNDATION

2026 PARTNERSHIP GUIDE

The SBTF understands that your brand and message need to be at the forefront to connect with your target audience. Your trusted brand, coupled with the SBTF's, will highlight your corporate social responsibility and promote your community engagement that matters to your customers. These annual partnership opportunities include the entire scope of the SBTF's mission and events.

At Southeastern Brain Tumor Foundation, our primary mission is to improve the quality of life for brain tumor patients and their families. By working together with our supporters, we aim to continue to be a source of hope through counseling, education and support.

Our successes:

- Founded in 1995, we have supported the brain tumor community for **thirty years** as a 501c(3) not-for-profit public charity based in the metro-Atlanta area and serving nationwide.
- Funded over **\$3,176,800** in research grants since 2001
- Awarded over **\$263,000** in educational scholarships to 110 students impacted by a brain tumor diagnosis since inception in 2019
- Welcomed **632 unique members** into its support groups for caregivers and patients
- Provided **1,150+ acts of kindness** to brain tumor patients through patient assistance programs
- Celebrated over **420 teams and 20,400 individuals** who have Raced for Research since 2000
- Created partnerships with healthcare institutions and facilities **across the nation** to provide immediate and vital assistance to brain tumor patients

The cornerstones of our Foundation are:

- **Patient Programs:**
 - **Patient Assistance:**
 - We provide:
 - Transportation assistance for those unable to drive to get to and from critical appointments.
 - Durable medical equipment such as walkers and canes. Items vital for recovery and mobility.
 - Meal/grocery assistance for those who cannot drive, may not have the ability to prepare a meal or need assistance with meal prep.
 - Financial assistance for patients (ex: mortgage/rent, utilities, clinical trial expenses, and other vital expenses)
 - **Scholarships** that provide an individual who has been directly impacted by a brain tumor diagnosis or the diagnosis of an immediate family member with the opportunity to pursue a post-secondary education at an accredited College, University, or technical school.
 - **Support Groups:** SBTF hosts six monthly support groups via Zoom for patients and caregivers facilitated by medical professionals offering hope and connection.
- **Research Funding:** Funding for critical research projects looking to improve the treatment of brain tumors or searching for a cure.

Our patient programs, scholarships, virtual support groups and research funding extend support nationwide. A brain tumor diagnosis brings fear and uncertainty. The SBTF exists to provide answers, resources, and hope. The SBTF partners with other brain tumor organizations, facilities and healthcare providers nationwide to achieve our mission.

Race for Research will be held at Atlantic Station in downtown Atlanta on Saturday, **September 19, 2026**. Visit the Race website at sbtfRFR.com or by scanning the QR code
